Dear Shishir,

If you choose for FCA Roermond then we have following guidelines/instructions, also make sure that your forwarder is informed:

- Attached our safety guidelines. Please make sure that your forwarder always receives these instructions.
- Make sure that you give the right shipment number to your forwarder
- You are the contact person for the forwarder, this means that we have NO contact with the forwarder
- It's your responsibility to inform the forwarder about the amount of pallets, weight, address etc.
- Submitting of the VGM is the task of your forwarder. They receive from us the gross weight of the loaded products, the weight of the container has to added by them
- Opening hours of our warehouse is from Monday-Friday from 7.00-15.00 hours
- Each day approx. 150 trucks have to be loaded in Roermond, so it will happen that your truck driver has to wait for his turn (which can take several hours)
- The same is valid for generating the documents
- If waiting hours occur then Rockwool is NOT responsible for this, nor do we pay for this
- If the truck does not show up on the agreed day we have to charge you additional handling costs (€ 5,00 / pallet per day)
- This is the information you receive from us:

The goods are ready for collection on **July 19th, 2019, between 7.00 – 15.00 hrs** at:
Rockwool BV

Energieweg 1  **Roermond 7608**
Road sign "Rockwool Ingang West"
6045 JE Roermond NL

The truckdriver has to report with **shipment number 5092640** without this number the truck will NOT be loaded.

Dimension of pallet:

We want to increase the level of security within Rockwool per direct.

From 25/5/2015 onwards every driver needs to wear: working shoes, helmet or cap and high-vis-vests during his visit at Rockwool.

Our entrance personnel and all other Rockwool employees are going to check and monitor the drivers.

We have attached a folder in 8 languages. This folder will be updated soon (with the new obligations being security shoes and cap/helmet, as mentioned above).

We have requested all carriers to sign off this document.

Also all new 2015-contracts have a new closure where-in we refer to these new obligations.
